Joseph Crescent Park Draft Concept Design

Key

01 Forecourt entry with integrated seating in planter beds

02 Existing Environmental Hub

03 Entry timber arbour

04 Nature play area with turf mounds and log stack play

05 Dry creek bed and swale with log balance beams and sandstone boulders

06 Interpretative trail with steppers through planting and nodes sandblasted with fauna prints

07 Bespoke timber arbour

08 Open pavement area

09 Nature nook learning circles with sandstone bench seating amongst planting

10 Shelter with barbeque and table setting

11 Existing carpark

12 Existing Storage shed

13 Removal of existing building

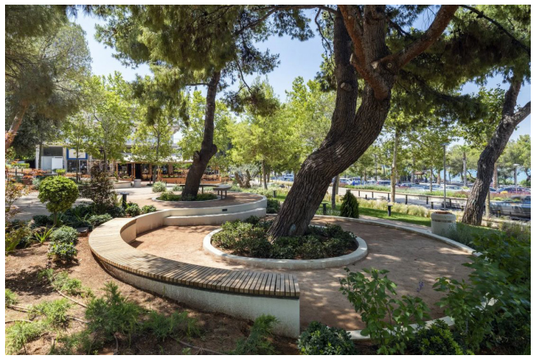

14 Turf spill-out area

Forecourt Entry - The Rock Baths

Key

01 Pressure blasted aggregate artwork mimicking the tidal water movements through the 'rock baths'

02 Planter beds in shapes inspired by mangrove rock formations with integrated seating on edge

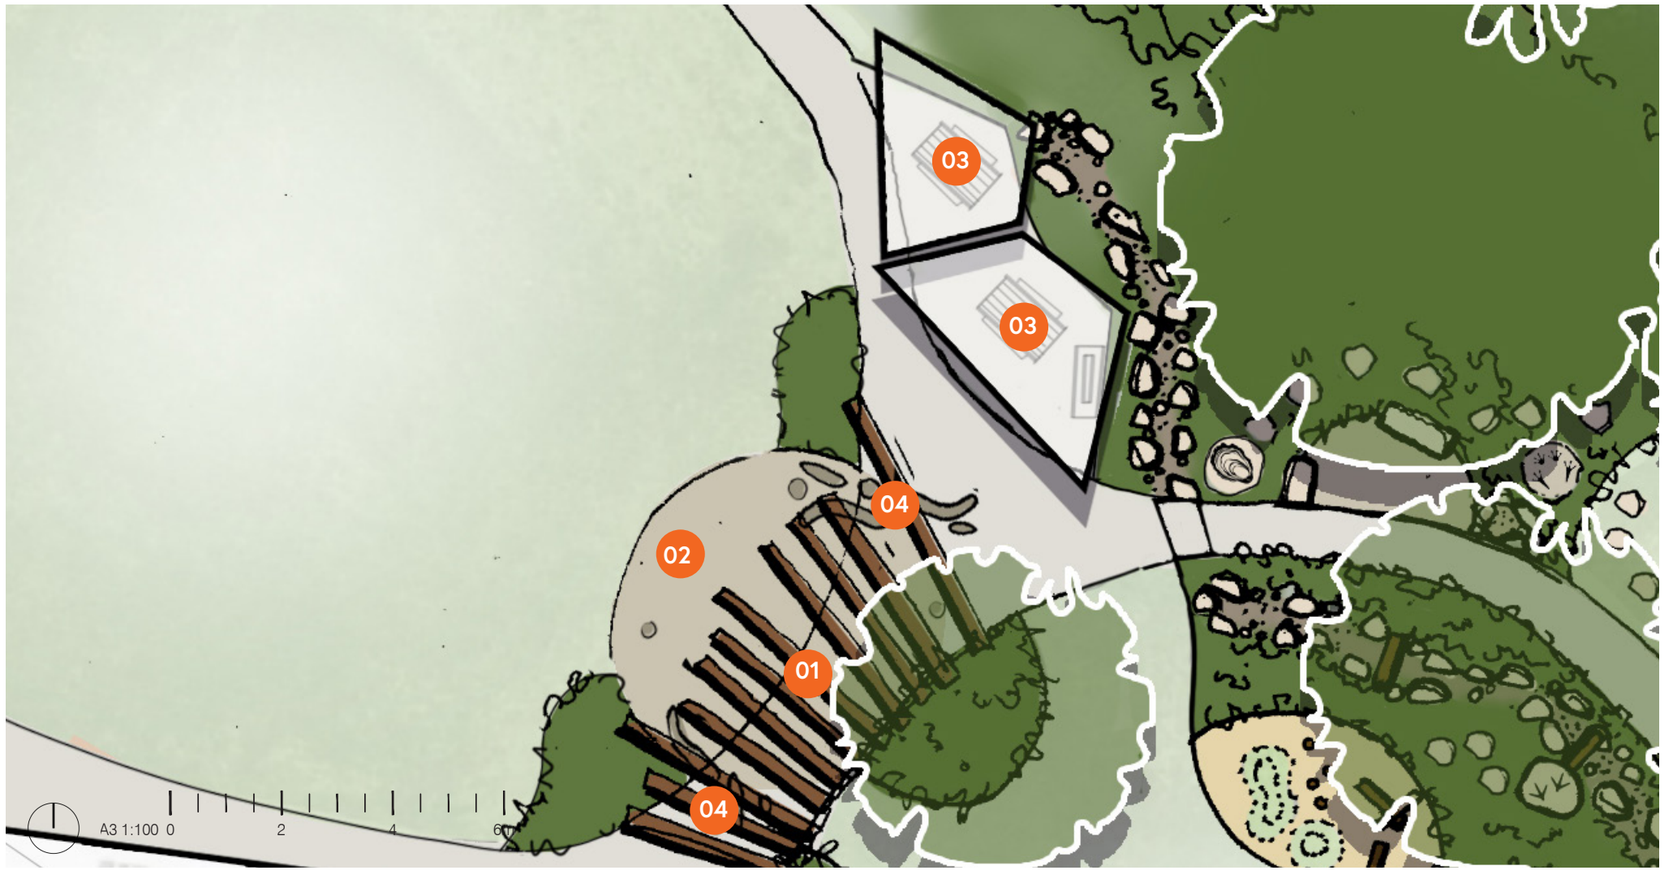

03 Open turf space extending from existing hardstand area to accommodate food + coffee truck parking and set-up

04 Existing tree to be retained as feature

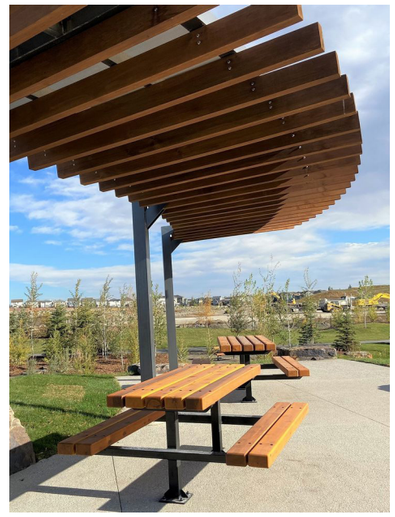

BBQ + Picnic Area - Estuary Commons

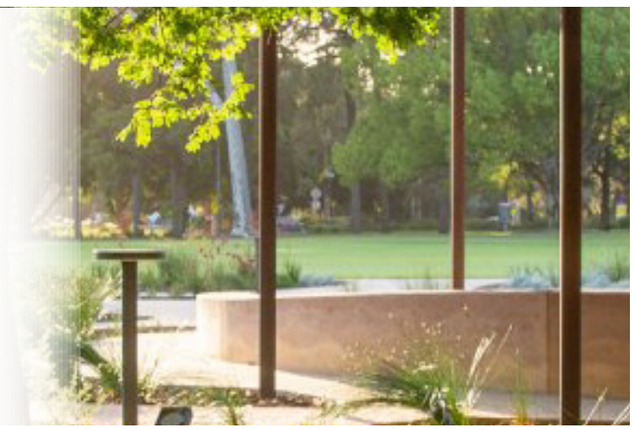

Key

01 Bespoke timber arbour to shade main spine pathway and spill-out pavement area

02 Spill-out pavement area to offer picnic chair set-up for community events and markets on open grassed area

03 Shelter with barbeque and shared table setting

04 Pressure blasted aggregate artwork mimicking the tidal water movements

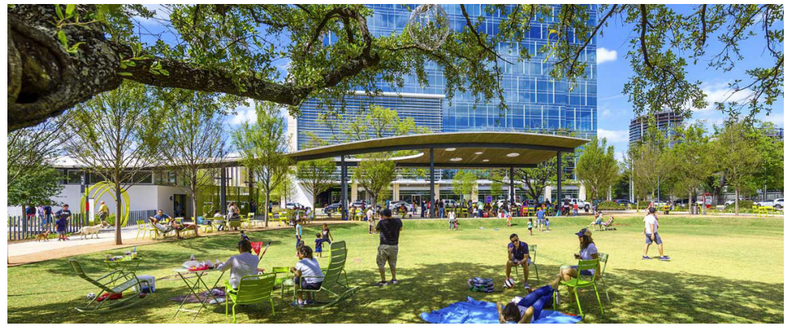

Kickabout + Open Lawn - Tidal Flats

Key

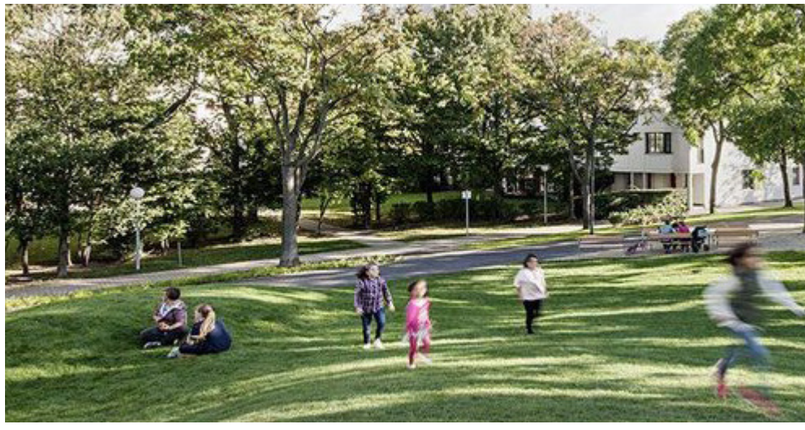

01 Open kickabout space to offer areas for market stalls and community events

02 Existing planter beds to be replanted to suit the native planting palette across the entire park

03 Existing path to connect to new proposed pathway

04 Existing carpark with direct access to open grass area

Nature Play + Learn - Seedling Grove + Curlew Crossing

Key

01 Dry creek bed to catch roofwater from shelters and feed into rain swale

02 Turf mounding with different shapes and heights for various play

03 Log stack play piece

04 Curlew crossing trail with sandstone steppers for interaction and learning

05 Nature nook learning circle with sandstone blocks for seating

06 Rain garden to catch swale water with steppers and log balance beams for play

07 Timber bridge crossing over creek bed
